

Tell me more about the HDHP!

The High Deductible Health Plan (HDHP) is a new option for 2018. An HDHP differs from a co-pay plan in that you pay all medical and prescription expenses until you meet the deductible. After that, you pay co-insurance until you meet the out-of-pocket maximum. While you may pay more out-of-pocket before benefits begin to apply with the HDHP, your per-paycheck contribution is lower than with the two traditional PPO plans.

What are the advantages?

Three advantages to participating in the HDHP are:

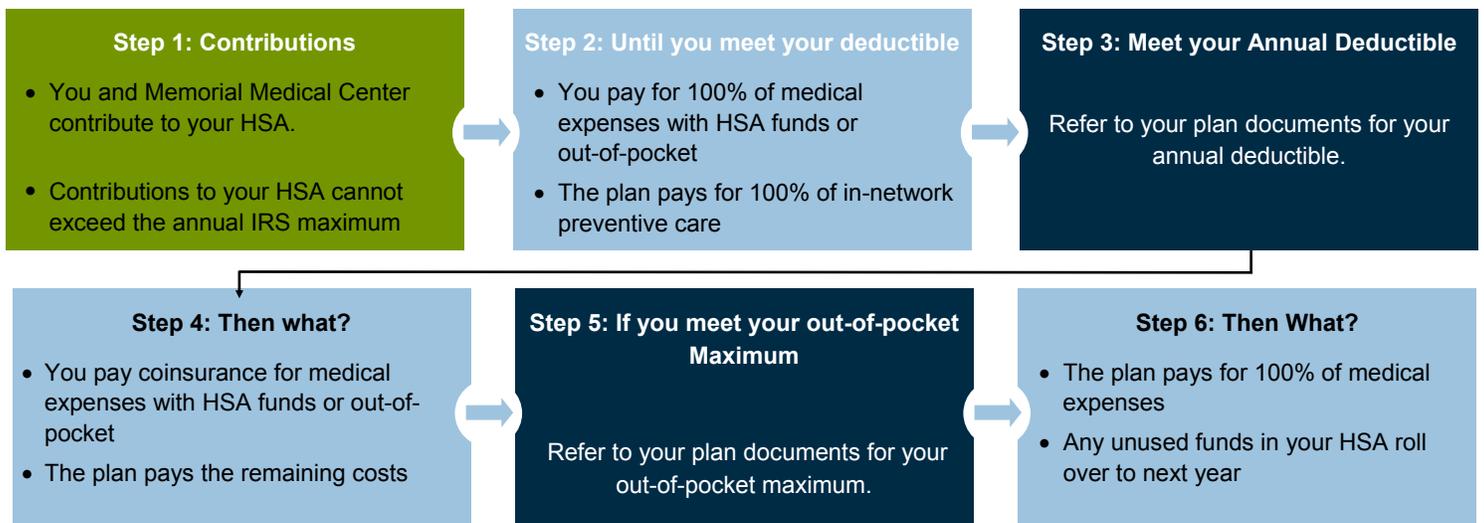

1. You pay lower contributions out of your paycheck.
2. You may be eligible contribute to a Health Savings Account (HSA) to help pay for your out-of-pocket expenses.
3. Contributions to your HSA pack a triple tax savings punch: You do not pay taxes on the money that goes in to your HSA, any HSA interest earnings are tax-free, and any money withdrawn for qualified expenses is tax-free*
